NUMBER 34

TO ORGANIZE STATE BANK

FINE REPRESENTATIVE GATHERING OF CITIZENS FRIDAY NIGHT

At the request of Esbern Hanson a number of our citizens met Friday night in the Salling Hanson Co. offices to consider and discuss the idea of organizing a State Bank. The need of a bank here according to the sentiment of those present was clearly obvious and nearly 100% of the people at the meeting agreed to purchase stock in such a bank.

According to the laws of the State of Michigan a capitalization of \$25,000.00 together with \$5,000.00 paid up surplus is required in order to establish a State bank. On motion T. W. Hanson and John Bruun were appointed a committee to call upon the business interests and citizens generally. This they did Saturday and were well pleased with the sentiment expressed toward the establishment of a bank and received a large number of stock subscriptions. However, more subscriptions are required for putting the affair over and the committee is still on the job.

Here is a matter that should concern every property owner in Grayling. Every person established in business and owner of real estate should be vitally concerned. The depreciation in value of property here will be serious if we don't have a bank. Values are already low and will go still lower. With the establishment of a bank, valuations will be more stabilized and hold nearer their former prices.

Further, it is of vital importance to everyone having deposits and loans in the Bank of Grayling that is now in receivership. It is the hope and expectation of the new bank organization to take over the receivership and effect settlement of its interests. This no doubt could be more quickly done through a home bank than through the present receivers. First National Bank of Bay City. The cost of receivership is expensive and if the present receivers must force settlements of those who are under obligation to the bank it is fair to believe that less money will be taken in for the credit of the depositors. No doubt there will be forced settlements of loans and contracts that might force the sacrificing of valuable enterprises and property for amounts far below the actual value. Those who owe the bank would be affected and those having deposits in the bank would receive less return from them.

On the other hand should a new bank be opened here business would at once revive at least to some extent, property would hold its value, and the public would have re-established confidence. Not only do the people of Grayling need a bank but tourists and those owning summer homes in this region require a bank through which to carry on their financial business. Without a bank here they would have to travel to some other town for the cashing of checks and other banking needs. This is itself a very important in this community where the tourist and summer resident business is one of our chief assets.

It comes to us from a reliable source that, provided the people of Grayling get back of this proposed bank and give it their moral as well as financial support, Esbern Hanson will consent to take the presidency of the bank. That would at once establish confidence in the new institution. This is not an honor that Mr. Hanson seeks but one that he understands the office would be accepted solely for the good of Grayling.

Just as soon as sufficient money has been subscribed a meeting of the subscribers will be called and representatives selected to call upon the State Banking Commission at Lansing where permission to establish a State Bank would have to be secured before further plans could be effected. With this privilege granted, the stockholders would again meet and elect a board of directors.

A lot more stock needs to be subscribed before the bank is assured.

People interested should call at the Salling Hanson Co. offices and subscribe for as much stock as their finances will possibly permit. Unless the amount required can be secured by 5:00 o'clock next Monday afternoon, the matter will be dropped as far as the present committee is concerned. Please get busy, and don't forget to invite your friends who may have even a small amount of money available. Right now is a most critical time as to the future of Grayling and everyone should get his shoulder to the wheel. IT'S UP TO ALL OF US.

COMPLIMENTS GRAYLING QUEEN

E. C. Beatty, secretary-treasurer of the Butterfield Theatres, in a letter addressed to T. W. Hanson, says: "At this time I wish to compliment you upon the selection of the young lady (Miss Fern Chalker) and also to say that all reports from our managers state that she is very charming and has an extremely pleasing personality."

"Miss Grayling" is one of the young ladies to make the tour of the Butterfield theatres in Michigan with "Miss Eastern Michigan." Their act is known as the "Bathing Girl Revue." This will be presented at the Maltz theatre at Alpena Thursday, August 27th. This would be a fine time for Grayling people to attend the theatre and witness our own queen in her appearance before the footlights.

Mr. Beatty says they have tried to entertain the young ladies on the tour, in the best possible manner, and hopes Miss Grayling has had an enjoyable trip.

The tour will close at Alpena after which the young ladies will leave for their respective homes. They have been out over three weeks.

LADIES GOLF TOURNAMENT AUGUST 25

Tuesday, August 25th, some of the lady golfers of West Branch will meet the ladies of Grayling and a golf tournament will be held on the Grayling golf course.

The game will be played in the morning at ten o'clock. At twelve-thirty a pot luck luncheon will be served followed by bridge in the afternoon. The regular golf day is Wednesday but on account of entertaining the West Branch ladies the date will be changed to Tuesday, August 25.

This tournament promises to be very interesting and all the members of the Ladies Auxiliary of the Grayling Golf club are anticipating the event.

WINTER SPORTS ASS'N FORMED

BIG PLANS UNDERWAY FOR NEXT WINTER

We have got to hand it to some of our young men about town for taking the leadership in our winter sports activities, which thru their efforts, this feature is branching out into vastly enlarged proportions.

In former years winter sports have been sponsored by Grayling Board of Trade. Now a new organization has been formed to be known as Grayling Winter Sports Association. A public meeting had been advertised and was held in Legion hall Thursday night of last week. Clarence Johnson opened the meeting by explaining its object and outlined a plan for the opening of a new place for holding winter sports.

On motion O. P. Schumann was elected temporary chairman, and George Van Patten, temporary secretary. The following directors were elected: Clarence Johnson, Harold McNeven, Wilfred Laurant, Roy Milnes and Esbern Olson.

On Monday night the directors met and elected the following officers: Clarence Johnson, president; Harold McNeven, vice president; Roy Milnes, secretary and treasurer; Esbern Olson, Wilfred Laurant, trustees.

Johnson Hill Site Selected. While the people have been enthused over the place where the winter sports have been conducted in the past, they are assured of a greater thrill when they visit the new layout, which will be at Johnson Hill, that was so named by the Military authorities, a part of which is used for a National Guard cemetery, and which is so attractively conspicuous from the Lake highway.

This region has a natural layout for winter sports. The high elevation gives the desired pitch necessary for tobogganing, and the vast area below the hill affords opportunity for a slide of over 2000 feet; a distance greater than ever before obtained here. The plan is for a straight course that will be as straight as an arrow and still with the maximum of safety. There will be no highway to cross. This would be built on the north side of the hill, thus getting away from direct rays of the sun which is so destructive to the icy runways and which necessitates a lot of labor and expense for their upkeep. An endless chain arrangement will be provided for hauling toboggans up the hill.

Besides the feature of the toboggan slide, there will be a bobsled course that promises to be a strong competitor for attraction. This would wind around the hill and across and thru valleys and back to a place near the start-off. The contour of the land for a bobsled course is just about ideal.

And the possibilities for ski jumps too are said to be wonderful, and there will be plenty of room for the finest type of professional ski-jumps and also for those for the less expert and for children.

In a cozy low spot between the hills there will be a skating pond. This will be artificially flooded and will be free from heave-ups and from flood water in mid-day that have been hard to manage on Lake Margrethe, and will also be free from any breaking thru the ice due to the large crowds that usually assemble in such places. It will be ideal for better skating and for safety.

The place is easily reached and just off the highway—M39, and near the sports activities is an area for parking that will be large enough to care for the largest crowds that

GOVERNOR ON AIR TONIGHT

may be expected.

Scenery Is Beautiful. If you have never been at the summit of Johnson Hill, take the first opportunity you can get to go there. It commands a wonderful view of Lake Margrethe and of the country around. At no other place around the lake, it is claimed, is the view so entrancing and fascinating.

The officers and committees are already getting busy on the job and soon the take-off platform will be taken down from its present location and be re-set at Johnson Hill; and men and tractors will be busy doing the necessary clearing and grading. A well will be driven and pipe lines and pumping equipment installed for flooding the toboggan slides and ice rink; and electric lines will be installed for illumination.

This beautiful setting with its winter crystal drapings and its illuminations at night time is bound to become the mecca of winter sports lovers from all over the central states. The scenic beauty surrounding the site excels even one's imagination. The hill top may be approached by auto from the side opposite the highway and we suggest that all who can do so to visit the place.

Permission to use the place has been assured by the military authorities, thanks to the efforts of Col. LeRoy Pearson, and also the project has the endorsement of P. J. Hoffmaster, superintendent of state parks.

The officers and committee are working without salaries and they hope to get the moral and financial backing of the people in this region. This may become a most valuable asset to this county. Everybody who can should take a membership in the association.

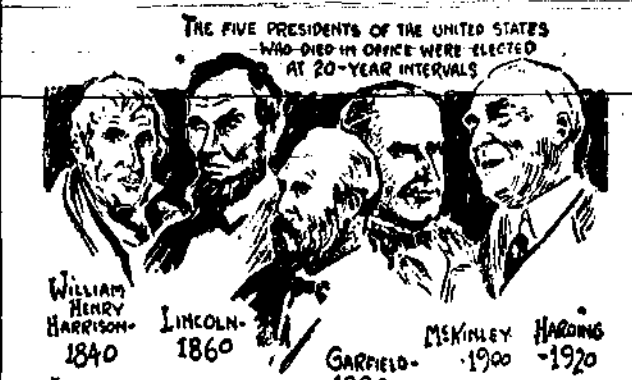

ANNUAL GRANGE PICNIC NEXT SAT.

The biggest day in the year for the farmer folk of the county and others is the Grange picnic. This year it will be held at the farm home of Hugo Schreiber Sr., in Sigbee, and the date is next Saturday, August 22nd. During the day there will be games, races of all kinds for young and old, a horse-shoe contest and last but not least a dance at the Old Hayloft. Everyone is cordially invited to attend. Coffee will be served free of charge by the Grange, but you will bring your own picnic lunch. As in former years there will be a prize awarded to the oldest and youngest person present at the event. Bring your Red Arrow money too.

COMING

Dr. A. S. Allard, optometrist, will be in Grayling at Shoppengans Inn Wednesday afternoon, Aug. 26. Have the children's eyes examined before starting school. No glasses prescribed unless needed. Glasses fitted that give results at reasonable prices. Remember the date, Wednesday, August 26. DR. A. S. ALLARD, Optometrist. 8-13-2

CENSUS REVEALS INTERESTING FACTS

CRAWFORD COUNTY POPULATION CLASSIFIED

Crawford county has 22 divorced men and 12 divorced women residing within its borders, according to the 1920 government census figures released recently. Widowed men there are 72 and widowed women 81.

Many other interesting figures are revealed by the report, which is now being sent out by the government. Of the males 15 years of age or over in the county, 307 are single and 860 are married, while of the women, 211 are single and 650 are married.

Not quite all of the younger children in the county have been attending school regularly, but the percentage is high. 98.3 per cent of the youngsters from 7 to 14 years of age inclusive, have been attending school, the report shows, and that is 472 out of a possible 480. After 15 years of age the record drops off rapidly, however, and for the 18 to 20 years of age inclusive class only 25.9 per cent were attending school, or 41 from a possible 158.

Babies Under One Year.

Just how many babies there are in the county is a question often asked, but seldom answered. The census report reveals that there are 61 under one year old, 32 boys and 29 girls, and at the time the census was taken no negro babies were included in the number.

The largest number of the population of the county which is 3097, divided 1636 males and 1461 females, in any age division is from 35 to 44 years, the census report shows. In this age group are 378. The report lists 12 Negroes in the county. Of the older persons, 73 were 75 years or over.

Illiteracy.

The county has 58 persons ten years old and over who are classed as illiterates, or a percentage of 2.4 which is high among the counties of Michigan which has an average of only two per cent. That is a good showing, too, for it is a decrease of one percent in ten years, the 1920 figures being three percent. 3.4% of this county's population were illiterate in 1920. Of those in the county now 21 are foreign born whites.

Many Foreign Born.

From what countries do the 355 foreign born whites in the county come? How many are there from each country? From England there are 18, Scotland 1, Wales 0, Northern Ireland 1, Irish Free State 4, Norway 2, Sweden 25, Denmark 79, Netherlands 1, Belgium 6, Switzerland 1, France 4, Germany 37, Poland 12, Czechoslovakia 10, Austria 4, Yugoslavia 4, Hungary 2, Russia 1, Finland 28, Romania 4, Italy 2, Canada-French 34, Canada-others 74. All others 2.

Of Foreign Parentage.

Of even more interest is the number of native white persons in the county of foreign or mixed parentage. Sons and daughters whose father or mother, or both, were from England there are 61, from Scotland 26, Wales 3, Northern Ireland 11, Irish Free State 17, Norway 1, Sweden 24, Denmark 124, Netherlands 5, Belgium 16, Switzerland 7.

POTPOURRI

Russia's Long River

The Volga river of Russia is the longest in Europe. It itself is some 2,900 miles long, but with its tributaries furnishes more than 20,000 miles of navigable water. Fifty million people live along this waterway. The Oka and the Kama, two of the Volga's branches, are each among the longest rivers of Europe. The head of the Volga is near Petrograd. BLIND PIGS have been under the
gaze of the public microscope for
the past week, due to the shock
upon the public caused by the murder
of four young people near Ypsilanti.
Almost universal condemnation has
been pronounced against places sell-
ing so-called white mule and moon
shine whiskey. A few places have
been raided, but the nefarious busi-
ness will still go on. Eminent
physicians pronounce white mule
liquor as a cause of mania for lust
and cruelty. Sheriff Bubbenmeyer
says that "When young people drink
that stuff they will do 'any damn
thing.' Apparently it is vicious and
dangerous to anyone using it. Speak-
ing of blind pigs in Grayling or in
the county, our sheriff says that he
doesn't know of any that are now
operating. One well known Grayling
woman says that she never imagines
punishment, but she believes the
perpetrators of the Ypsilanti
tragedy should be sentenced to death.
Another woman says, "Why blame it
to the boys, when white mule was the
cause of their act." Raw moonshine
or white mule whiskey contains a
large percentage of fusel oil which
is ruinous poison. Every place selling
such product should be forced out
and the places put out of business.
Should your boy or girl fall victim
to this drink either directly or in-
directly, you will be ready to hang
those who furnished the liquor. Some
times such tragedies have to come
right into one's family before they
take the responsibility of some form
of action toward the prevention of
such crime. But, unfortunately, the
Ypsilanti affair will soon be forgot-
ten and blind pigs will continue as
before.

IF YOU are in favor of Grayling
having a bank, please do your bit by
notifying T. W. Hanson, John Braun
or, if more convenient, this office.
The subscription list closes Monday
at 5:00 p. m. If sufficient stock
hasn't been subscribed by that time
the matter will be dropped. We
have suggested in an article publish-
ed on the first page of this paper
some of the reasons why Grayling
cannot afford to be without a bank.
Stock shares are only \$10.00 par
and \$2.00 for surplus. Everyone
should do his bit. We bot Liberty
bonds during the war when the
country needed money, and now your
community needs your financial back-
ing. Will you help? Don't wait
until it is too late.

SOME enterprising man with a
slyth could do a land-office business
around town if he would go after it.
Weeds and grass, some of which is
his high, flourish in almost every
corner of the town. Telephone and
electric poles are in general sur-
rounded with high weeds and grass,
and a few street sides and vacant
lots are a profusion of weeds and
grass. These sights are hideous and
don't speak well for the town. The
town has long needed this matter
called to its attention but we hoped
it wouldn't be necessary to mention
it in the newspaper, for it isn't good
advertising. Keeping the streets
clean isn't a great expense.

ESTABLISH SMALL PARK NEAR
RIVER BRIDGE
The name of the AuSable as a fish-

ing and canoeing stream is a valu-
able asset to Grayling and Crawford
County. Its renown makes it the
mecca of tourists' eyes.
As thousands each year begin the
trip down the AuSable at Grayling,
the sight which greets the eye is
the first thing that greets the eye.
The site is cluttered with logs at
the river edge, with rotting wheels
and other trash. It is unsightly.
Grayling and Crawford County
would do well to establish a small
park at the site and clean up the
area. The park would enhance the
beauty of the river at this point and
would attract the attention of all
who pass over the bridge.

A RECIPE FOR PROSPERITY
Everyone wants prosperity.
Everyone may enjoy it—IF—
Everyone goes after it determined.
How can this be done?
By putting the best foot forward.
By discouraging pessimism.
By refusing to let things
times.
By declining to be hard.
By spending wisely and hopefully.
By working a little harder.
By mixing up and brightening up.
By inviting patrons to call.
By convincing them that NOW is
the time to buy.
By judicious use of printer's ink.
Hard luck stories never helped hard
times—except to make them harder.
The professor of a new business
adopted as his business motto: "Busi-
ness is Good."

When the tail feathers of the busi-
ness fowl begin to droop is the psy-
chological moment to inject some
ginger in the bird's spine.
If there is any excuse whatsoever
for advertising in prosperous times,
and there is, there are at least a
variety of the same in times of
depression.

ino (Calif.) Tribune.

OBITUARY
Rev. Charles A. Cook, who passed
away at his home eight miles east
of Grayling on August 10th, was
born in Saline, Washington county,
September 5, 1854.
He moved to Crawford County in
1879 and took up a homestead in
what was then known as Ball Town-
ship. Since that time he had been a
resident of Crawford County, ex-
cept for five years, when he resided
near Ann Arbor. Mr. Cook was
united in marriage twice, the first
time to Edith E. Sanford on Dec. 21,
1878. To the union three children
were born, Cynthia, now Mrs. John
Stephan, Sr., Nettie, Mrs. Henry
Stephan, both of Grayling, and
George now residing in Aberdeen,
Washington. His second marriage
took place August 30, 1899 to Miss
Pearl Hoyt, who survives him. Two
daughters were born to the union,
Mrs. Lillian Leaning of Long Island,
N. Y., and the late Mrs. Mansel
Coke, who passed away three years
ago.

Rev. Cook had been in the min-
istry for about 40 years, and he and
his wife performed many acts of
kindness and charity in the neigh-
borhood in which they lived.
Rev. Cook had been ailing with
heart trouble for about six months,
but his illness did not become seri-
ous until the day previous to his
death.
Funeral services were held at the
home at 11:00 o'clock, Wednesday
forenoon, conducted by Rev. Charles
Clifton, and Mrs. Clarence VanAm-
burg, Mrs. William Blaine and Mrs.
Seely Wakeley of Grayling sang
some of the family's favorite hymns
during the services. Interment was
in Ross Cemetery, South Branch
township. Surviving the deceased
besides his wife and four children
are 22 grandchildren and 30 great
grandchildren, also a brother William
Cook of Bay City.

Those from out of town in attend-
ance at the funeral included Mr. and
Mrs. Cook of Bay City, Mrs. Cook's
mother, Mrs. Peter Hoyt of West
Branch and her brother and wife,
Mr. and Mrs. Thomas Hoyt of Rose
City.

GRAYLING TO HAVE ANNUAL BAND PICNIC

ED. CLARK ELECTED PRESIDENT
OF DISTRICT

Last Sunday the Band Picnic as-
sociation held their last semi-annual
picnic at Alpena which was attend-
ed by several thousand people.
At that time it was voted to hold
the next picnic in Grayling, which
will take place some time next June.
Also Prof. Ed. Clark, director of
Grayling band was elected president
of the next semi-annual term, and
Middie LaMotte was elected secre-
tary-treasurer.
The association is made up of the
following bands: Alpena, Rogers City,
Gaylord, Oscoda county, Cheboygan,
West Branch and Grayling.
The program rendered at the Al-
pena picnic was as follows:
1:45 p. m.—Parade, followed by
massed band concert.
March—"Washington Post"—
Sousa. Directed by Mr. Baker,
Rogers City.
Serenade—"Cupid's Charm"—Mil-
ler. Directed by Mr. McCullum, Che-
boygan.
Waltz—"Bliss Eternal"—Bennett.
Directed by Mr. Hinzman, Mio.
Overture—"Happy Greetings"—
Skaggs. Directed by Mr. Merry,
Gaylord.
Fox Trot—"99 Out of A Hundred"—
Lewis & Sherman. Directed by
Mr. Trombley, West Branch.
Medley of Gospel Hymns—"Klohr."
Directed by Mr. Clark, Grayling.
March—"Our Flag Unfurled"—
Burghese. Directed by Mr. Gray-
ling.
"Star Spangled Banner."

Many of the bands arrived at
Alpena in the forenoon and from 11
a. m. to 12 p. m. were taken on sight-
seeing trips around the city.
Between the hours of 12 and 1:30
p. m. there was luncheon and dur-
ing that time individual concerts were
furnished by the bands present.
Although Grayling band has been a
member of the association for sev-
eral years, this is the first time this
place has been selected for holding
one of their picnics. It is always a
big day in any town when these
bands get together, and large crowds
are attracted from out of the city.
Prof. Clark is already getting plans
started for the next year and it goes
without saying that the boys will
have a great time here.

OAKS REUNION
The 10th annual Oaks Family Re-
union was held in Grayling at the
Grave Saturday, August 8. First ar-
rivals were Mr. and Mrs. Herbert
Oaks of Flint who came several days
before the reunion and camped in
the grove in their house car. Her-
bert's boyhood was spent in Grayling
and they enjoyed visiting old friends
and berry picking while here.
Mr. and Mrs. Hugh Oaks and son
Ralph of Flint soon joined them
while "Uncle Giles" Oaks of Sun-
nyside and daughter Mrs. Frank Auten
and family of Orionville, joined near-
by.

The day of the reunion dawned
cloudy and rainy and the time
the crowd arrived it did rain and
kept right on raining. Nevertheless
more rain could not dampen the
spirits nor spoil the dinner. Two long
tables were prepared in the shelter
building and the seventy people
present enjoyed a plentiful dinner.
At the business meeting following
dinner officers were chosen for the
year. President, Herbert Oaks of
Flint; Vice President, John Stephan
of Grayling; Sec.-Treas., Gilmer
Sparks of Flint. A note of sadness
was shared by all in the remem-
brance of five deaths in the family
in the past year. Mrs. Giles Oaks, Sun-
nyside, Edgar Oaks of Flint, wife
and son of Uncle Giles Oaks, the
little daughter of Mr. and Mrs. J.
Bullard, who received the gift last
year for being the youngest child
present at the 9th reunion; Mrs.
Sarah Bullard and Mrs. Martha
Shaft.

Letters were received from absent
members.
Lakeside Park in Flint was chosen
as the place of the next reunion.
Frank Deckrow was presented with
the gift annually given to the oldest
one present, while little Allen Ste-
phan received the gift for the young-
est.

Games and contests with many
prizes and toy balloons distributed
by Hugh Oaks kept all in a merry
mood for the afternoon. Several
made the trip to the Hartwick pines
before returning to their homes.
Those present at the reunion were:
Giles Oaks, Sunnyside, Mich.; Mrs.
F. Auten and family, Orionville; Mr.
and Mrs. Hugh Oaks, and Mrs.
Arthur St. Dennis, and Mrs. Har-
old St. Dennis and family, Mr.
and Mrs. Claude Oaks and children,
Mr. and Mrs. Arthur Oaks and
children, Mr. and Mrs. Herbert Oaks,
Ralph Oaks, Mr. and all of Flint;
Mr. and Mrs. Oscar Deckrow and
children and a brother-in-law, Mr.
Morris; Mr. and Mrs. Forest Wilcox
and two daughters, Indian River; and
Mrs. Dewey Palmer, Mr. and Mrs.
John Stephan, Mr. and Mrs. Arthur
Parker and their families, Frank
R. Deckrow, Hurl Deckrow, Velma
Barger and son Jerry, all of Gray-
ling.

CARD OF THANKS

We extend our sincere thanks to
our neighbors and friends who were
so kind to us during the illness of
our husband and father and for the
beautiful floral tributes.

FLIERS LEAVE FOR DENMARK

LOCALLY KNOWN YOUNG MAN
IS ONE OF FLIERS

We read in the State papers every
now and then of big game making
flights here and there, but we doubt
if there has ever been a flier who
has been known locally. So now
reading about the trans-ocean flight
of Edwin L. Preston and Robert H.
Collignon of Detroit is doubly in-
teresting to us as Preston is
well known in this section. He is
a native of Roscommon and the son
of Mr. and Mrs. L. B. Preston who
recently moved from there to Clevel-
and and married a Frederic girl Miss
Erma Craven, daughter of Mr. and
Mrs. Charles Craven, the young wife
passing away about four years ago.
Preston and his partner are mak-
ing a flight sponsored by the Trans-
American Airlines Corporation—
Detroit, and took off from Detroit
Tuesday evening at 5:00. They are
to take the same trail as Cramer and
Pacquette, who took off from Detroit
eleven days ago and have not been
heard of since. The latter are re-
ported to have disappeared as they
approached a section of the Nor-
wegian coast. This was a survey
flight sponsored by the same corporation.

The purpose of the flights are to
establish an airmail, express and
passenger route from Detroit to
Denmark by way of Canada, Green-
land and Iceland, and much now de-
pends on Preston and Collignon to
have the way so that the transoceanic
airmail service may be established.
Their movements are watched with
much interest by local people.

Application blanks for state regis-
tration are to be sent to all
airports in Michigan by the De-
partment of State about Sept. 1.
Wherever planes are seen, the ap-
plicants, all planes under the new
law passed by the first legislature,
must be registered by Sept. 1.
The 6,000 for state registration is
computed on the basis of the plane's
carrying capacity and gross weight.
The lowest fee is \$10 and ranges to
a maximum of \$450 for the multi-
passenger ships and the large tur-
bine freight planes.
Each plane license will be furnish-
ed with a card giving all vital in-
formation and stating that the ship
has been registered. The card will
be similar in size to that issued by
the Federal Department of Com-
merce and must be fastened securely
inside the cockpit of the plane. Michi-
gan laws, however, do not require
that the state registration number
be painted upon the wings of the
plane.

Attempts of gangsters to force
mail dealers to purchase counterfeit
mail tax stamps have been to a
large degree stopped by the Depart-
ment of State with the assistance of
local law enforcement officers. As
soon as the Department pointed out
that the purchase of counterfeit
stamps was a crime, under the 1931
law, as the seller, the activities of
the gangsters in Detroit were great-
ly lessened.

By preventing the sale of counter-
feit stamps, a rather large increase
in revenue, which goes for the care
of the state's tubercular patients and
for a new Northern Michigan sanatorium,
is expected. When the pres-
ent supply of mail tax stamps is ex-
hausted, the Department will issue a
new series which will be radically
different from the present stamps.

The Department does not sell
stamps through traveling representa-
tives and they can be purchased only
from the Department.

Michelson Memorial Church

Sunday, August 23, 1931
11 a. m.—"Life's Wilderness." This
will be our theme for the Sunday
morning service.

Guileless
"Where can we obtain a preacher,"
said he, "who is thoroughly secular;
someone who preaches on neither
religion nor politics." And when you
start to make demands for a minis-
try of that kind, then most certain-
ly no red-blooded, well-trained in-
dividual would want to apply.
Which leads us to recall that Jesus
said to those first ministers of his
that they should be wise as serpents,
and harmless as doves. Personally
we have never liked that last phrase
—"harmless as doves." That word
has a contemptuous ring to it. Some-
times we have heard crazy people re-
ferred to as "harmless lunatics." And
we have been wondering if there
have not been some men who hesitated
to become disciples of the Christ
because of the suggestiveness of such
words as these: It would seem that
some Christians are that gentle, in-
effectual, stately type. They are so
good that they are good for nothing.
But a new translation has correct-
ed this wrong impression. Goodspeed
uses the word "Guileless" and the
phrase—"guileless like doves." It
does not suggest the absence of
power, but the presence of power
controlled. "Not absence of force, but
the presence of the power of good-
will."

INTERLOCHEN ENDS SEASON AUG. 23

On Sunday, August 23, audiences
will have their last opportunity of
the 1931 season to hear the music
of the masters played for them by
those two organizations, the Nation-
al High School Orchestra and the
Band, beside the twin lakes in the
famous Interlochen Bowl, where
programs of unsurpassed merit are
wafted forth amidst the grandeur of
the natural setting of tall pine trees.
These two concerts will offer the
finest programs of a highly success-
ful season of music, coming as they
do at the culmination of eight weeks
of intensive study under the fine
symphonic teachers and coaches and
under the leadership of outstanding
conductors. Training such as these
children receive cannot fail to dis-
seminate high standards and make it
definite impress on the musical life
of hundreds of individual communi-
ties to which these players return im-
mediately following the last concert
performance.

In the afternoon the National High
School Band, conducted by Albert
Austin Harding, Director of Bands
at the University of Illinois will play
their farewell concert in the Bowl.
These numbers will include masterpieces
two beautiful excerpts from Wagner's
"The Ring" and "Parsifal" (Gounod). A descriptive number by
Korbel with two additional numbers
from the "Lullaby" and "The Song of
the Camp," a charming feature
which will be heard this time only
during the entire summer, conclude
this excellent performance.
When the orchestra makes its final
bow at the evening concert under
the direction of Dr. Joseph E. Madly,
it will have as soloist and assisting
artist, Vladimir Lektorsky, who in
addition to being a famous conductor,
also bears an international reputa-
tion as a marvellous violinist. He
will play the Handel concerto for
violin and orchestra. "The Apparent
Symphony No. 4 (Tchaikovsky) will
open the program, with the
Spanish Caprice (Rimsky-Korsakov)
and the Lieht "Prelude" concluding
the evening and (to the surprise
of music lovers far and near) the 1931
season.

STATE OF MICHIGAN

In the Probate Court for the County of Crawford.

In the matter of the petition of Grover C. Dillman, State Highway Commissioner for the State of Michigan, for condemnation of private property for public highway purposes in Maple Forest & Frederic townships, Crawford County, Michigan.

At a session of said court held at the Court House in the Village of Grayling in said county on the 6th day of August, A. D. 1931.

Present: Hon. George Sorenson, Judge of Probate.

The court, the court that Grover C. Dillman, State Highway Commissioner for the State of Michigan has this day filed in this court a petition praying for the appointment of three Court Commissioners

to appraise the damages to be paid as compensation for the taking of an easement for public highway purposes in over and upon certain private property therein described, and it appearing to the court that the said Grover C. Dillman, State Highway Commissioner for the State of Michigan, did on the 1st day of June A. D. 1931, make and file in his office a written determination of the necessity of improving the highway known as trunk line road number 15, 27 in Maple Forest & Frederic townships, Crawford County, Michigan, by constructing the necessary grade and drainage structures and surfacing to a width of twenty feet with asphalt on gravel, in accordance with a survey thereof and plans and specifications made under the supervision and direction of said State Highway Commissioner, and the necessity for taking an easement for public highway purposes in over and upon the particular private property therein described, and the damages which in his opinion should be paid as compensation for the taking of said property and the description of said property and the names of the persons interested therein as owners or otherwise, so far as known, who reside in the county of Crawford and those persons mentioned in the attached descriptions as being residents of other counties, or states, as follows:

Last night Sheriff Bobenmoyer mustered together a searching party to try and find a young lady from Ohio, who had become lost during the day. She with some friends went into the woods near McIntyre's landing to see if they could come upon some deer they had been heard so much about seeing them in the woods. She in some way strayed away from the rest of the party and when night time came on her friends became worried. She was found however about 11:30 o'clock near what is known as Lookout hill near the reservation and she had discovered a shack and had decided to remain in for the night.

Sheriff Bobenmoyer and Prosecuting Attorney Insley have received communications from the Department of Public Safety of the State saying that the Department is desirous of cooperating with them to the fullest extent to rid the community from the blighting influence of dens of iniquity. Persons, therefore, having knowledge of the presence of such places in the county should report it to the sheriff or prosecutor and they will take prompt action. The State department also offers the assistance of state police officers whenever requested, and our local officers say that unless the local people cooperate with them in helping toward putting these dens out of business that they will ask the State for police assistance. The situation deserves this drastic action and our officers say it will get it.

LIBRARY NOTES

Gifts to the Library in the past two months included many usable books and magazines. A number of readers are realizing that by passing on to the Library books which they no longer need, they may be making them useful to scores of other readers.

Other donors enriched our magazine table by the following titles of recent date, "Time," "The American Mercury" and "Current History." Through the courtesy of Mrs. George Alexander, the Library possesses a complete set of Harper's Magazine for the past year. That the collection will be increasingly interesting and valuable is evident.

Learn what a difference six cylinders make

Strip out of any other low-priced car into a Chevrolet, and learn the difference six cylinders make.

"Idle" the engine—and the whole car remains steady. Open the throttle—the power flows evenly. Accelerate—throttle down—go fifteen or fifty—and this smoothness stays with you whatever you do. It's actually built into the motor—and objectionable vibration never even starts!

Yet smoothness is only one of many six-cylinder advantages. There's greater quietness, because noisy vibration is gone. There's greater comfort, because built-in smoothness doesn't tire you out. There's greater flexibility, because the power-impulses of a six overlap. And a six is much easier to handle!

If you raise the hood of a Chevrolet and watch the engine running so smoothly, you'll realize that six cylinders also mean greater dependability.

And remember when you do—that no other car is so economical to operate as the Chevrolet Six.

WOMEN: watch your BOWELS

What should women do to keep their bowels moving freely? A doctor should advise the proper—Syrup Pepsin is so good for women. It just suits their delicate organism. It is the prescription of an old family doctor who has treated thousands of women patients, and who made a special study of bowel troubles.

It is fine for children, too. They love its taste. Let them have it every time their tongues are coated or their skin is itchy. Dr. Caldwell's Syrup Pepsin is made from fresh laxative herbs, pure pepsin and other harmless ingredients. When you've a sick headache, can't eat, are bilious or sluggish, and at the times when you are most apt to be constipated, take a little of this famous prescription. (All drug stores keep it ready in big bottles, and you'll know why Dr. Caldwell's Syrup Pepsin is the favorite laxative of over a million women!)

SUPERVISORS HOLD SPECIAL SESSION

At a meeting of the Board of Supervisors for the County of Crawford held at the Court House in the Village of Grayling on Tuesday, the eighteenth day of August, A. D. 1931, at nine o'clock in the forenoon of said day.

Board met pursuant to call. Present: Rufus Edmonds, Chairman, Arthur Skingley, Ray Murphy, A. J. Nelson, James E. Kelllogg, and S. A. Dyer.

Absent: none.

Board called to order by the Chairman. Call for special session read.

Grayling, Michigan, August 3, 1931.

To the Board of Supervisors.

To the Supervisors addressed:

Notice is herewith given that pursuant to a request filed in this office by one half of the members of the Board of Supervisors for the County of Crawford, that a special meeting of the entire Board of Supervisors be called to be held at the Court House in the Village of Grayling on Tuesday, the eighteenth day of August, A. D. 1931, at nine o'clock in the forenoon of said day.

Said meeting is called for the following purposes:

(a) The petition of Claude R. Keyport, MD., and C. J. McNamara to withdraw from the Bond of J. E. Bobenmoyer, Sheriff of Crawford County.

(b) To take up the matter of Personal Bonds, signed for the Bank of Grayling, a depository for County funds.

(c) And any other matters and

business that may come before this meeting and according to the advice of

Marius L. Insley, Prosecuting Attorney for the County of Crawford.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed the seal of the Circuit Court, at Grayling, this third day of August, A. D. 1931.

AXEL M. PETERSON, County Clerk

The matter of the petitions of C. R. Keyport, MD., and C. J. McNamara to withdraw from the Bond of J. E. Bobenmoyer, Sheriff, was taken up at this time.

Moved by Nelson and supported by Murphy that the matter of the

SHERRIFF'S Bonds be placed into the hands of the Committee on Ways and Means. All members voting yes. The motion carried.

Resolution offered by Nelson.

Whereas, application and notice has been given by C. R. Keyport, MD., and C. J. McNamara that they be withdrawn as sureties upon the Sheriff's Bond of Mr. J. E. Bobenmoyer, and whereas, a question has arisen concerning the responsibility of said sureties and of Marius Hanson, third surety upon said bond for any default and malfeasance, or illegal levy by the Sheriff which may occur during the remainder of the Sheriff's term in office in the event said notice of withdrawal is not accepted. Now therefore, be it resolved, that C. J. McNamara, C. R. Keyport, MD., and Marius Hanson, sureties upon the Sheriff's Bonds of J. E. Bobenmoyer, Sheriff of Crawford County be released and discharged from any further liability as said sureties upon said bond, after and upon the filing with an acceptance by the Judge of Probate of another Surety Bond duly executed for the proper amount.

Be it further resolved that any Bond accepted by the Judge of Probate shall be in full force and effect subject, however, to Section 1424 of the Compiled Laws of the State of Michigan for the year 1929, providing for the approval of Official Board of County Officers by the Board of Supervisors.

Moved by Nelson and supported by Skingley that the resolution be accepted and adopted. All members voting yes. The motion carried.

The Committee on Ways and Means report. In the matter of the Sheriff's Bond for \$10,000.00 that the County assume 50 per cent of cost of Surety Bond and the Clerk and the Treasurer be and are hereby authorized to issue warrant in payment of same. All members voting yes. The motion carried.

Moved by Murphy and supported by Nelson that the report of the Committee on Ways and Means be accepted. All members voting yes. The motion carried.

The Clerk was instructed to notify the Bondsmen of the Bond of the Bank of Grayling to appear before the Board at eleven o'clock A. M. at which time a discussion of the same took place.

Afternoon Session.

A general discussion of County affairs took place after the afternoon.

Bills of the several Supervisors for attendance at this session were allowed:

Supervisor, Rufus Edmonds, at

tendance and mileage, \$7.80

Minutes of meeting read, approved,
and signed by Rufus Edmonds,
Moved by Kelllogg and supported
by Dyer that we adjourn. Vote taken.
All members voting yes. The
motion carried.

Rufus Edmonds,
Chairman.

Axel M. Peterson, Clerk.

12 COUNTIES OPEN FOR DEER HUNTING

Twelve lower peninsula counties will be open to deer hunting during the coming November. These counties are all in the northeast section of the peninsula. They are: Cheboygan, Presque Isle, Otsego, Montmorency, Alpena, Kalkaska, Crawford, Oscoda, Alcona, Roscommon, Ogemaw and Isabella.

The Conservation Commission at its August meeting voted to close Emmet, Benzie, Leelanau, Charlevoix, and Antrim for another two years together with all counties south of the north line of Townline 20, except those closed by the last legislature. Manistee, Wexford, Missaukee, Clare, Lake, Newaygo, and Mason counties were closed for five years by the 1931 legislature.

The five counties ordered closed for two years longer is the Commission would have automatically opened next November through the expiration of former clause orders.

The closing order for deer hunting in Grand Traverse county also expires in November, 1931. In two years the Commission will again consider the advisability of continuing the closing of the northern counties of the lower peninsula but the Commission has no authority to open the counties closed by legislative act.

In a memorandum to the Commission, the Game Division of the Conservation Department expressed an opinion that Benzie and Leelanau counties "have very few deer and it is not likely that they will become important deer hunting counties."

Oscoda and Mecosta have some deer but they are isolated from the other open counties.

Revolutionary Movement Threatens Machado's Regime in Cuba—German Reich Saved by Defeat of Radicals.

By EDWARD W. PICKARD

Pres. Machado

GERARDO MACHADO, president of Cuba, not long ago scoffed at the danger of revolution in his tiny little island. But the threat has materialized in a way to make him sit up and take notice. Rebels in various regions staged outbreaks that alarmed the government and martial law was declared in the effort to stave off civil war. Machado and his cabinet ministers conferred with military and civil advisors, and the martial law of the republic was hastily modified. Troops were sent to the troubled areas and an effort was made to improvise a navy by commandeering private yachts and arming them with eighteen pound guns.

Meanwhile the authorities were gathering up all the known and suspected rebels they could catch and putting them in jail. Hundreds were arrested and charged with treason. Former President Menocal and Colonel Mendota were credited with the leadership of the revolt and special efforts were made to get them, but at this writing they are still at large. The most active of the rebels were in the provinces of Pinar del Rio, and

It was reported to President Machado that they, with Gen. Baldomero Aguado, mayor of Matanzas, had been preparing an invasion of Havana province. Indeed, there were several sanguinary skirmishes only a few miles from the capital, which was isolated by the cutting of communications.

Col. Julio Samperio, chief of the army flying corps, ordered every available plane to keep on constant patrol along the north coast, especially in Pinar del Rio, and for several miles out at sea in search of "bush" Cuban and foreign organized filibustering expeditions. Several craft that attempted to escape the navy patrol ships were bombed by the flyers.

Late reports said Menocal, Mendota and others were on a yacht making their way to Chaparra, Oriente province, where Menocal has a large number of followers. He was at one time manager of the Chaparra sugar mill, the largest in the world.

For the time being, at least, the German republic is safe for the instant, at least, at least.

This was the move to dissolve the Prussian first Reich, a plan which, if it had succeeded, would have toppled the Reich. The scheme was devised by the Radicals of Nationalists, and that other set of radicals, the Communists, joined with them, although their ultimate aims are utterly diverse. But even with the aid of the National Socialists the combination fell some 20,000 votes short of accomplishing its purpose.

The French government was almost as pleased by the result of the German plebiscite as was that in Berlin. For it meant that the growing discord between the two nations would not be a source of trouble.

INTERNATIONAL experts charged with the task of overhauling the Hoover memorandum plan and the Young plan submitted in London that they had reached a complete agreement, which was signed at the treaty ratification office. Their communiqué said:

"Complete agreement was reached, as regards the detailed measures requested to give effect to President Hoover's proposal in case of payments by Germany under the Hague agreement of January 23, 1920."

Recommendation of the experts in regard to suspension of these payments have been approved by the governments of Australia, Canada, Czechoslovakia, Greece, India, New Zealand, Portugal, Rumania and South Africa.

"Agreement also was reached in regard to detailed measures for suspension of interest on foreign debts to the United Kingdom, France and Italy of Germany, under agreement with Czechoslovakia."

"Agreement also was reached on the principle that payments due by Hungary under the Paris agreement of April 23, 1920, and payments by Bulgaria under the League agreement of January 20, 1920, should be suspended during the year ending June 30, 1932."

"But in this case certain adjustments must be made as complete suspension of these payments might result in suspension of certain classes of payments to individuals. Accordingly, the committee agreed in principle that all payments to funds 'A' and 'B' under the agreement signed at Paris on April 20, 1920, should be continued during the Hoover year."

"Negotiations are continuing in regard to adjustments required in the case of Bulgaria."

PLANTERS of the fourteen cotton states of the South are asked by the farm board to show under one-third of their crop immediately, in order to enhance the price of the other two-thirds. The board sent telegrams to the governors of the states urging that this course be adopted. In return, said the board, the cotton stabilizing corporation will agree to hold off the market its 1,300,000 bales until July 31, 1932, and will urge the cotton co-operatives financed by the board to do likewise.

EDWARD A. O'NEAL, president of the American Farm Bureau Federation, announced at a meeting of state farm bureau leaders in Milwaukee that the federation "must renew

its demand for an equalization fee" and that the present marketing act was inadequate to cope with agriculture's "most acute problem—control of its surplus crops." The announcement was said to be unexpected by the farm board officials and the administration in Washington.

"The federation has always stood for the principle of the equalization fee, as expressed in the McNary-Haugen bill, which provides that each unit of a commodity produced shall bear its fair share of the cost of disposal of surplus," O'Neal said.

"Desiring to see the marketing act fully tried out, the organization for two years has not insisted upon enactment of the fee principle. It now appears all too plain that the present act does not adequately provide for the needed surplus control."

PROBABLY to his own surprise, quite a vigorous though small boom has developed for Melvin A. Traylor, Chicago banker, as the Democratic nominee for the Presidency in 1931. It was started in Malone and Hillsboro, Texas, where

Mr. Traylor formerly lived and where he is most popular. Then, a few days later, Daniel Lupton, president of the St. Louis Southwestern railroad, announced that he would support the banker for the nomination, and that a committee was being formed to further Traylor's candidacy. It is not likely that Mr. Traylor takes the matter seriously except as a compliment, but those who know him and his abilities feel that the Democratic party might go further and fare worse. He is president of the First National Bank of Chicago and has been prominent in national and international financial affairs.

REPRESENTATIVE WILLIAM E. Hull of Illinois is another of the members of congress who has been studying things abroad and he has just been home from The special object of Mr. Hull's investigation has been the draft system of liquor control in force in Sweden, and his conclusion is that Sweden has solved the problem with which this and other countries are struggling.

He holds the draft system works well. "Very careful to be sure I was getting the correct information," Mr. Hull writes, "I can truthfully say that I haven't seen a single drunken person in Sweden since I have been here. The restaurants are all well patronized, the drinking is light and the drunkenness is nil. The system is well organized and a success."

SENATOR FELIX S. HEBERT of Rhode Island, chairman of the senate committee on unemployment, spent the week end at the Newport camp and then gave out, apparently, a few remarks.

He attacked the idea of a government dole and federal unemployment insurance. He asserted that the latter would inevitably lead to the state as it operates in England. Mr. Herbert based his conclusions upon a study of the dole abroad made during a trip from which he recently returned. He visited most of the countries of western Europe for the special purpose of investigating unemployment insurance, and he predicts now that there will be little clamor in congress for the establishment of such a system. He said of the dole system, as it operates throughout Europe, with the possible exception of Italy, is that it is intertwined with politics."

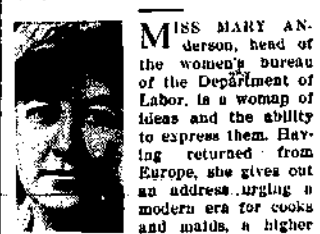

ORGANIZED labor in certain parts of this country is not doing much to help solve the question of unemployment. Quite the reverse. Take the flower dam, for instance. The workers on that big project made huge demands that construction company holding the contract considered exorbitant, so 125 men quit work. The superintendent immediately shut down operations and about 1,000 men were thrown out of work. The company, he said, was six months ahead of schedule and could afford to refuse concessions that would cost \$2,000 daily or \$3,000,000 during the seven years allowed for completion of the dam. Living conditions for the workers on this desert job are admittedly rigorous.

In Chicago thousands of men and women were thrown out of employment when more than one hundred small movie theaters closed rather than submit longer to the demand of the motion picture operators' union that two operators be employed at each house. The managers said this was unnecessary and that they could not afford it.

Extensive highway construction operations in Illinois are delayed and may not get under way before next spring, because labor organizations objected to the rulings of a state board as to the "prevailing wage" in various districts, which must be paid for the work according to the law authorizing it.

There are only a few instances of the many that might be cited. It would seem to the ordinary citizen that organized labor might well strain a point or two in such a time of stress. The executive council of the Amer-

ican Federation of Labor adopted a declaration to the effect that there must be no reduction of wages.

Mary Anderson

MISS MARY ANDERSON, head of the women's bureau of the Department of Labor, is a woman of ideas and the ability to express them. Having returned from Europe, she gives out an address urging a modern era for cooks and maids, a higher status for domestic service to keep in line with modern industrialism. Her program includes the establishment of training schools to fit the worker to the position through the federal employment service, and an employees life independent of the employer's household. She thinks modern apartment living means not the eventual extinction of the worker in the home but added advantages for her.

Miss Anderson also points out that apartment living must necessarily give opportunity for much part-time work.

PRESIDENT HOOVER'S fifty-seventh birthday came on August 10, but he entirely disregarded the anniversary. Returning from the Rapidan camp, he spent the remainder of the day in work as usual, and though Mrs. Hoover had hurried back from Akron, there were no guests for dinner.

COL. LUKE LEE, Nashville publisher, his son, Luke Lee, Jr., and four others were indicted by the grand jury in Nashville on charges of conspiracy in connection with the affairs of the defunct Liberty Bank and Trust company.

STANDARD officials "third degree" methods in police force administration, which it found to be widespread in both cities and rural communities, the Wickham commission reported to President Hoover that "it remains beyond doubt that the practice is shocking in its character and extent, violative of American traditions and institutions, and not to be tolerated."

Citing many instances of police brutality and unfair tactics by officers, the commission declared that the trend toward "lawlessness in law enforcement" has resulted in "a deplorable prostration of the processes of justice," and urged that congress enact a code of federal criminal procedure which might serve as a model for the states.
